# Switch to secure electronic tax documents

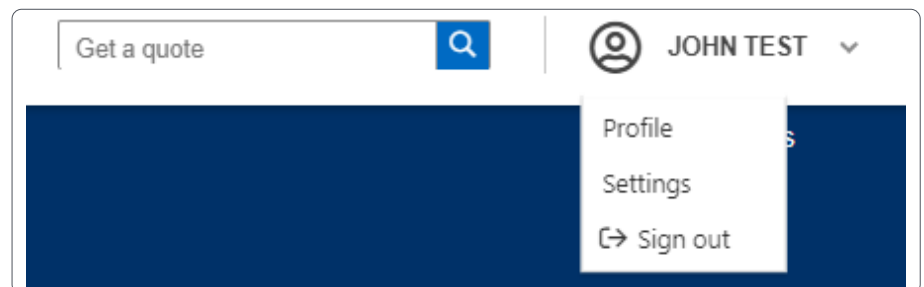

It's easy for you to access your electronic tax documents in a safe and convenient manner through RBC Wealth Management Online.

You can store your tax information securely and receive it faster, while reducing your paperwork. Plus, your tax information is kept in a protected environment for you to access at any time from the convenience of your computer, tablet or smartphone.

Electronic tax documents are available as of the 2018 tax year and will be archived online for seven years, provided the account remains open. As with all eDocuments, you can securely view, save and print your tax documents as Adobe PDF files and access them at any time.

## Turn on electronic tax documents in four easy steps

1. Go to [www.rbc.com](http://www.rbc.com), and "Sign in" (top right corner) using your 16-digit client card number and password. If you don't know your client card number, contact your Investment Advisor team.
2. Once you've logged in, click on your name in the top right corner and click "Settings."

- You can then select eDocuments on the “Document Delivery” tab. There, you’ll see a list of your accounts and the delivery type for each document type.

To switch everything to eDocuments, click the “Switch All to Electronic” button.

Or, click on the “Delivery Type” dropdown beside any of the document types individually and select “Electronic Delivery” as desired.

Once you’ve made your changes, click “Save Changes” at the bottom of the page.
